

# Homework Challenge

## Castle Adventures!

This term the children are exploring castles and kings and queens. To enhance the children's learning experience our challenge is.....

**To design and create a mini project about castles using their preferred style.**

To help you on your way here are some ideas to get you started and we are sure that you have lots of other creative ideas too.

You could draw, colour or label your own castle.

Or even bake a castle to share with your friends (and teachers).

Could you write a castle story?

Can you create a model of a castle?

Can you write an information poster?

Could you create a powerpoint on the computer?

Can you perform a song or poem about castles?

We would be happy to display your work.

we can

We hope you enjoy finding more about castles and involving your family to help ☺

We would like to see your work by the week commencing Monday 9<sup>th</sup> March. Thank you for your support, Miss Chamberlain, Mrs Fitzgibbon and Miss Smith.
