

As a community school, we are proudly rooted in tradition and it is really important that we continue to celebrate important community events. We will continue to work in collaboration with our families, partner schools and stakeholders to offer our children rich opportunities that support their development.

Alongside academic excellence, we will develop confident and articulate children who feel secure in challenging themselves and setting themselves ambitious targets. We will do this by nurturing our children using positive behaviour management strategies and meeting the individual needs of each child.

This is a no shouting school and we will ensure that our children are exposed to a kind and caring and inclusive environment with supportive staff and visitors.

Our commitment to providing first quality expert staff is unwavering and Hookstone Chase staff will strive to be pioneers in educational research that enhances our reputation as world class educators.

We aim to get children to set themselves no limits for their future achievements and we continue to work closely with families to remove any barriers to learning and to ensuring all of our children are well supported and know their own worth.

We welcome visits to the school and are always proud to share our achievement as a fast paced and forward thinking school.
